"After interviewing multiple law firms, we decided to hire Mrs. **Kinsella**, and her firm, to

represent my brother for MI No-Fault Insurance benefits. As conservator for my injured brother (motor vehicle accident), it was important that we understood my brother's needs and what, if any, MI No-Fault benefits may be available to help in his recovery. From the very beginning, Maureen's compassion, confidence and perhaps most important, her knowledge of MI No-Fault insurance law/benefits were evident. She is very professional, thorough and always kept us informed every step of the way. She provided information and educated us on matters, enabling us as a family to make the best, informed decisions. Maureen, her direct staff and her entire firm are perhaps the most knowledgeable team with respect to MI No-Fault Insurance benefits. Should you find yourself, or a loved one, in need of MI No-Fault Insurance benefits, you could not find a better lawyer and/or team to represent you. Very highly recommended!" - Alan C., Oakland County

"I endorse **Wayne's** work. He is of excellent character and highly intelligent. Terrific trial attorney as well." - attorney Jorin Rubin, Southfield

"I am very pleased with all the services provided to my husband & I. We struggled for a number of years very unhappy with the attorney that we had previously chosen until finally someone introduced us to Mrs. **Maureen Kinsella**. Mrs. Kinsella accomplished more in 6 months than our previous attorney did in 13 years. I wish someone had introduced us to Mrs. Maureen Kinsella sooner. I have had much involvement with legal battles due to our situation, medical needs, insurance, legal battles and I have been very happy with what Mrs. Kinsella has done to help us resolve our problems with them." - Agnes R., Rochester

"**Wayne Miller** is one of the best lawyers in Michigan. I have worked with him on several matters and have been impressed on each and every one. His work ethic, attention to detail, and overall legal abilities are outstanding. If you are looking to retain one of the best attorneys in Michigan, I highly recommend and endorse Wayne Miller." - attorney Michael Morse, Southfield

Maureen Kinsella was very professional, direct, and demanding in court as well as being warm and caring as she dealt with us. We don't know where we would be or how we would be living without her representation. A million "Thank You's" would not cover our gratitude." - J. Teegardin

Great – I know it will be done to the best of Wayne's ability. Absolute confidence." - K. & S. Boyagin

3D Reconstructive Animation Assists Attorney in Successful Outcome:

An individual's life was drastically changed following a traumatic motor vehicle collision that left him wheelchair-bound. After winning his initial case, the Plaintiff moved forward picking up the pieces of his life. However, he soon realized that the real fight had just begun.

The Plaintiff found himself struggling with his insurance company for home modifications that were necessary for his house to be wheelchair-accessible. While the Plaintiff's home required major renovations to be accessible, his penny-pinching insurance company only offered to pay the bare minimum for slight adjustments. This is when attorneys, [Wayne Miller](#) and [Brooke Mathis](#), stepped in to fight for their client's right to have a fully accessible and safe home design.

Attorneys Miller and Mathis reached out to DK Global to illustrate the stark differences between the Plaintiff's renovation plan and the insurance company's proposal. DK Global's 3D visuals brought to life the inadequacy of the insurance company's plan, in a way that was clear for the arbitration panel to see. The animation walked the arbitrators through how the Plaintiff would use or be unable to use each plan and how both plans affected the Plaintiff's safety, comfort, and altogether wellbeing. DK Global's animations helped Attorney Miller to secure over 90% of the money, twice the amount the insurance company offered to pay, required to construct the Plaintiff's plan. Now the Plaintiff has the home modifications necessary for him to safely and efficiently use his home.

Miller & Tischler, P.C. specializes in cases involving catastrophic injury, including the rights of the injured, their families, and their professional service providers.

"The animation prepared by DK Global was instrumental in achieving an extremely satisfactory result (over 90% of the insurance claim that was subject to litigation). We also want to thank your team for its courtesy, attention to detail and follow up." Brooke Mathis
